

EDGE™

Evolutionary Design. Graphite Engineered.

Introducing the new McMillan EDGE.
Lighter. Stiffer. The cutting EDGE in an ultralight
benchrest stock.

McMILLAN
FIBERGLASS STOCKS

Shoot to win.

Evolutionary Design. Graphite Engineered.

**Cut weight. Cut flex. Cut torque.
Get the new McMillan EDGE.**

At just 22 oz, the new McMillan ultralight EDGE is 1/3 lighter and much stiffer than a traditional benchrest stock. The outer shell is 100% graphite for low weight and stiffness. The radical fore-end is

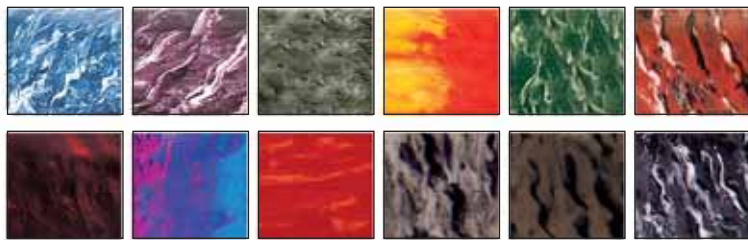

engineered like a structural beam for extra stiffness in the vertical axis. Over-size siderails resist torque and improve tracking in a front rest. An ultra low center of gravity improves stability. And an adjustable weight system in the buttstock lets you

fine tune weight and balance. It takes top equipment to win a benchrest match. Give yourself a winning EDGE. Call today.

PRODUCT SPECIFICATIONS	
Weight	22 oz
Length of pull	13.25 inches
Structural shell composition	100% graphite
Forend	2.900 inches
Adjustable weights in buttstock	1/4 oz to 7 ozs
Maximum diameter of barrel	Max heavy varmint

MARBLE PATTERNS

Marble patterns can be done in a wide variety of colors.

PAINT COLORS

Unique vertical side walls.

Fine tune-able weight system.
