**McMillan Announces Safari Club Limited Edition Rifle Series
Commemorating the Safari Club International**

Phoenix, Arizona (February 26, 2009) – McMillan announces the Safari Club Limited Edition Rifle Series featuring McMillan’s custom African hunting rifle, the Prestige. Only five rifles will be offered in this exclusive series commemorating Safari Club International (SCI). McMillan will donate a portion of each sale to SCI.

The Safari Club Limited Edition Rifle Series is designed for the adventurous game hunter who wants the finest engineering, but with traditional styling. The Prestige comes with two stocks, McMillan’s fiberglass stock and a finely handcrafted exhibition grade English walnut stock. Both stocks are fully hand bedded. The wood stock includes two cross bolts, a 1” Pachmayr Decelerator recoil pad, and a 14” length of pull. The Prestige is offered in three calibers, .375 H&H, .416 Rem and .404 Jeffrey and .500 Jeffrey. The rifle has integral express sights, quarter rib, barrel band and front sight machined into the barrel giving it the classic lines of an African rifle. The 24” match grade barrel gives fast handling and quick pointing, while retaining maximum velocity. The Prestige uses the McMillan G30 Control Round Feed action for positive feeding and extraction. Talley bases and Talley QD scope rings are included as standard.

Dual stocks allow the Prestige to be both a working rifle and an exhibition rifle. “You can use the fiberglass stock in the field and the wood stock to showcase your collection,” stated Kelly McMillan, president of McMillan Group International.

The SCI package also includes two custom-fitted cases—a vintage safari luggage presentation case and a hard travel case. Each package contains one box of Federal premium ammunition and a Dewey one-piece cleaning rod, jag and bronze brush.

The total cost of the Safari Club Limited Edition Rifle Series is \$9,995 without scope and \$11,995 with a Swarovski scope.

(more)

According to McMillan, “We are proud to partner with SCI. The Safari Club Limited Edition Rifle Series is a tribute to the old world heritage of exotic hunting and has an heirloom quality for the discriminating collector.”

The Prestige is part of McMillan’s Custom Collection, a new line of custom hunting rifles based on the premise that superior technology builds a superior rifle. The Custom Collection is comprised of seven different rifle models. The foundation for each rifle is the McMillan G30 action and McMillan’s fiberglass stock technology. Only the finest match grade barrels, triggers, custom grade hardware, and accessories are used in the collection.
