**McMillan Introduces the Custom Collection,<sup>™</sup>  
A New Line of Custom Hunting Rifles**

McMillan is introducing its Custom Collection, a new line of custom hunting rifles based on the premise that superior technology builds a superior rifle. The foundation of the Custom Collection is the McMillan G30 action, incorporating best of breed concepts in modern action design. The Custom Collection uses McMillan Stock technology that has been chosen by elite military and law enforcement units worldwide and has set countless records on competitive circuits. McMillan uses only the finest match grade barrels, triggers, custom grade hardware, and accessories. These rifles are for hunters who demand the finest that technology can build.

**Custom Collection Information**

- Concept of line – *Technology for the Pursuit, Superior Technology Builds a Superior Rifle*
- Collection contains seven rifles each with state of the art engineering, legendary accuracy and sleek styling.
- Based on McMillan G30 action that is built with precision tolerances and fit by hand. The action is pillar-bedded into the stock and the barrel is free-floated. All dimensions are held to competition benchrest standards.
- All barrels are premium-selected, hand-lapped, match-grade barrels from the finest barrel makers in the country.
- Superb metalwork and precise stock-to-metal fit
- A Jewell trigger is standard on all rifles
- Each rifle uses McMillan stocks especially designed for the Custom Collection
- Five of the seven rifles use McMillan's proprietary EDGE ultralight graphite technology to save weight without sacrificing strength.
- Rifles are drilled and tapped for scope base: Premium bases are included as standard.
- The bolt handle on the G30 action is long enough to grip easily and contoured to clear today's larger scope bodies. The bolt is plated with NP3 for enhanced lubricity, rust-resistance and durability.
- G30 Control Round Feed Action features a 3-position wing safety: fire, safe, and safe with bolt lock. Designed to close on a round already in the chamber. Available in the Prestige
- Rifles are shipped in a custom fitted travel case included as standard

*Legacy*

The Legacy epitomizes what the founder of our company, Gale McMillan, believed to be the perfect hunting rifle. The Classic Sporter stock has timeless lines with a beautiful shadow line cheekpiece and clean panel checkering in the forend and pistol grip. McMillan's proprietary EDGE ultralight graphite technology saves weight without sacrificing strength. The stock and metal surfaces have an anti-glare finish. The McMillan G30 custom action incorporates the most significant trends in contemporary firearms engineering. And the match grade barrel delivers superior accuracy, giving you a rifle that shoots as good as it looks. The Legacy is offered in 4 popular calibers, including Gale's favorite all-round cartridge, the 300 Winchester Magnum.

*Dynasty™*

It takes superior engineering to harness the power of today's modern high intensity magnum cartridges. The McMillan Hunter stock uses McMillan's proprietary EDGE ultralight graphite technology to save weight without sacrificing strength. The stock offers a comfortable palm swell and a monte carlo cheekpiece that positions the head for scope use. The stock geometry is specifically designed to manage recoil when shooting the magnum calibers. The 24" match grade barrel is optimum for velocity and ease of carry.

*Outdoorsman™*

The Outdoorsman is designed for hunting where distances are large and winds blow hard. The Outdoorsman is chambered in 30-378 Weatherby and 300 RUM, arguably two of the finest ultra-long range cartridge designs optimizing velocity, power and flat trajectory. The stock uses McMillan's proprietary EDGE ultralight graphite technology to save weight without sacrificing strength. The match grade barrel is fluted to shave ounces, enhance balance and aid cooling. An integral muzzle brake is standard to tame recoil.

Stock: McMillan Hunter with McMillan EDGE ultralight graphite technology

Weight: 7 lbs. 11 oz.

Calibers:	BBL Length	Twist
300 RUM	28"	1x12
30-378 WBY Mag	28"	1x12

*Prodigy™*

Cut those mountains down to size. McMillan's Prodigy represents the latest trends in a lightweight working rifle. The Classic Compact stock has a thin wrist and trim forend. The stock uses McMillan's proprietary EDGE ultralight graphite technology to save weight without sacrificing strength. The match grade barrel is a slender #3 taper to shave ounces. If you are the kind of hunter who leaves camp before dawn, busts the hills all day to get away from crowds and returns to camp only after dark, the Prodigy is your rifle.

*Heritage*

A stopping rifle must work flawlessly every time, especially in extreme circumstances. The McMillan G30 magnum action cycles its bolt and chambers bulky African rounds as smoothly as running a silk handkerchief through your fingers. The rifle points well and the stock geometry manages recoil for a quick follow-up shot. The drop belly fiberglass stock holds 4 rounds, not 3, and is impervious to temperature and humidity changes. Everything about the Heritage is built rugged to handle the toughest hunt you'll ever go on. Because when you are hunting dangerous game that can hunt you back, there is no room to compromise on your equipment.

Stock: McMillan Heritage

Weight: 8 lbs. 4 oz.

Calibers:	BBL Length	Twist
375 H&H Mag	24"	1x12
416 Rem Mag	24"	1x14

Price: \$4,395

*Prestige™*

The Prestige is designed for the dangerous game hunter who wants the finest engineering, but with traditional styling. The integral express sights, quarter rib, barrel band and front sight are machined into the barrel to give the Prestige the classic lines of an African rifle. The 24" match grade barrel gives fast handling and quick pointing, while retaining maximum velocity. The Prestige uses the McMillan G30 Control Round Feed Action. This is a rifle that will take a lifetime of trophies and be an heirloom for the next generation to keep the bloodline of adventure hunting strong.
